

Introducing Australian Military Bank

**Australian
Military Bank**

Serving the Defence community since 1959

The Australian Military Bank Difference

We've been helping Australian Defence personnel and their families make the most of their money since 1959.

As Australia's longest serving Defence financial institution, we know a thing or two about the unique aspects of life in the armed services.

We're dedicated to helping the men and women who protect and serve our community. That's why we focus on providing our members with better quality services and competitive interest rates.

As a customer-owned bank, our profits are reinvested back into the business to benefit our members. AMB is 100% owned by our members and is not owned by any other Bank or external shareholders.

You can enjoy the peace of mind that comes from knowing:

- Australian Military Bank is a secure financial institution with assets under management exceeding \$1 billion
- We have branches on most major Defence bases in Australia
